LITTLE ROCK (AP) — The state has contended in a brief filed before the Arkansas Supreme Court that the state's law against teaching the evolution theory is not an unreasonable regulation of state employees.

The state is appealing Chancellor Murray O. Reed's ruling that the law is unconstitutional. He said it abridged freedom of speech.

The 1928 law was challenged by Mrs. Susan Epperson, a former biology teacher at Little Rock Central High School.

### More Women Than Male Teachers

LITTLE ROCK (AP) — The state Education Department said Wednesday that of 17,478 public school classroom teachers in Arkansas, only 4,313 are men.

Frank W. Cannaday, supervisor of research and statistics,

said the most recent department estimate places 609 male teachers in elementary schools and 3,704 in secondary schools, mainly in the high school grades.

The estimate excludes superintendents, principals and supervisors.

### Packaging Bill Clears Congress

By JOHN CHADWICK  
WASHINGTON (AP) — A bill intended to protect shoppers against unfair or deceptive methods of packaging and labeling consumer goods has cleared Congress after five years of effort.

But the two senators most responsible for its passage, Sens. Philip A. Hart, D-Mich., and Warren G. Magnuson, D-Wash., do not see eye to eye on it.

Congressional action was completed Wednesday with Senate acceptance of what virtually was the version the House insisted on—rather than the bill the Senate originally passed.

Magnuson, chairman of the Senate Commerce Committee, said he agreed to the House version with great reluctance. But he told the Senate the only alternative was to have no bill at all.

In contrast, Hart said he regarded the House bill as "actually stronger than the Senate's." He was the author and chief sponsor of the Senate bill.

Five years ago Hart introduced what he called a "truth in packaging" bill to deal with consumer complaints about cents-off deals, fractional weights and measures, slack fill, misleading illustrations, hard-to-find and hard-to-read statements of net contents, and odd shapes and sizes of packages.

A lot of testimony was received that housewives needed a slide rule to figure out the best buys when they went shopping in supermarkets, partly because of the multitude of different weights or quantities.

### Obituaries

WILLIS A. COBB  
Willis Alphonso Cobb, 90, died Thursday morning, October 20 in a local hospital after a short illness. Survivors include two step-children, Mrs. Theo Long of Texas City, Tex., and Herman Davis of Downey, Calif., and several nieces and nephews of Illinois and Arizona.

Born April 11, 1876 in a log cabin in rural Illinois, he had been a resident of Hope since 1909. He was an Elder in the First Presbyterian Church.

### Fired Worker Files Claim With State

LITTLE ROCK (AP) — John H. Killingsworth Jr., of Jolner, who said he was fired from the state Highway Department because he questioned what he regarded as "scandalous activities," asked the state Claims Commission Wednesday to give him the job back.

Killingsworth said he was fired June 7, 1963, after reporting what he termed as de-

partment irregularities to his immediate supervisor, district engineer John F. Price.

He said he was interviewed by Wayne Hampton, state Highway Commission chairman, and Truman Baker of Searcy, another commissioner.

He said Price fired him after publication of a newspaper article about his charges.

Killingsworth previously asked the Legislative Joint Auditing Committee for help and the committee sent his complaint to the Legislative Council, which has not acted.

Donates \$3,000 to Charity

BELLEVIEW, Ill. (AP) — Maurice Joseph, sheriff of St. Clair County, Ill., has donated \$3,000 to charity. It is part of the money he received from the sale of two cars he won in a raffle before initiating a gambling crackdown last summer.

Joseph won the cars at a Knights of Columbus picnic in East St. Louis, Ill., in July after he had been given the tickets for subscribing to an ad in the picnic program.

He donated \$1,500 each Tuesday to the Shriners Hospital for Crippled Children in St. Louis, Mo., and St. John's Roman Catholic Orphanage in Belleville.

## Television and Radio

By CYNTHIA LOWRY

AP Television-Radio Writer NEW YORK (AP) — "CBS Reports" in a carefully made documentary on prison and prisoners graphically illustrated changing concepts about punishment Tuesday night and forcefully revealed the face of crime. The hour called "Men in Cages," was shot almost entirely inside federal, state and local prisons. These ranged from modern institutions where busy inmates learn useful trades to old-fashioned, over-crowded lock-ups where men are herded together with little or nothing to do.

The program's emphasis was on increased efforts to restore convicted men to society. It also underlined the dreary statistics of failure — three million Americans who have served prison terms and a current prison population of 350,000. Three-quarters of all crimes are committed by persons who have previously been arrested and convicted, it noted.

One man serving a long sentence said flatly that young prisoners should not be allowed to associate with older, more experienced criminals, "like me."

Roger Mudd, the narrator, repeatedly said that there is no evidence that imprisonment has proved a deterrent of crime, but suggested that some men can be made useful members of society

if given help — education, a vocation and a chance.

NBC obviously is very high on "Dragnet," the series that was so popular in the 1950s. Jack Webb has made a two-hour film called "Dragnet 66" so it won't be confused with the old series to be rerun. It also strikes by tug crews.

Webb will be playing Joe Friday again, but his sidekick this time will be Harry Morgan, late of "Pete and Gladys," since Ben Alexander of the old series is busy playing a cop in ABC's "Felony Squad."

Raymond Burr was to have made his first television appearance since the demise of his long-playing "Perry Mason" series in an episode of "The Road West."

He was tossed from a horse in an early scene, however, receiving minor but painful injuries and Victor Jory replaced him.

PHOENIX, Ariz. (AP) — Draft women in the United States? Never, says Maj. Gen. James F. Cantwell of Trenton, N.J.

## Bobcats Hit Road for Magnolia

By LARRY DON WRITHT  
Hope Star Sports Writer

The Bobcats hit the road again this week for an important Region 4AA bout with the powerful Magnolia Panthers Friday night at Magnolia.

Three consecutive districts losses to Malvern, Crossett, and Fairview have caused the Bobcat conference record to drop to a discouraging 2-3, as the season mark has gone to 3-3-1. Only four more games left.

The Cats offense, which hasn't looked the same since Hope's first district setback to Malvern, will have to rise to the occasion this week in order to get past one of the largest teams in 4AA.

The game will mark the official opening and dedication of Magnolia High School's new stadium, which has been lauded as the most beautiful football arena in the district.

As a rule a team will go all out to win the first game in their new stadium and Magnolia should be no exception since they've been waiting all season for its completion.

Both teams have had their ups and downs all season and a study of their season records can't be too reliable. For example, despite a record of 2 wins and 5 losses, the Panthers are still potentially one of the most dangerous teams in District 4AA.

The Panthers fell to Camden by one slim point 27-26 in a wild offensive battle earlier in the season, before Camden came on to tie Crossett. Crossett of course romped past the Bobcats 34-0.

Several other comparisons such as this seem to indicate that Magnolia, much like Hope, has just not played up to its full capacity all season despite a few outstanding performances.

The opening kickoff is slated for 7:30 p.m. Friday in Magnolia's new stadium.

## Pro Merger Still Up to Congress

By JACK HAND  
Associated Press Sports Writer

NEW YORK (AP) — The wheels will start spinning if and when the pro football merger finally gets the green light from Congress.

The first matter of business for the joint committee of National Football League and American Football League owners undoubtedly will be the date of the Super Bowl game between the two champs.

With the AFL title game set for Monday, Dec. 26, in the home park of the Eastern Division winner, and the NFL championship slated for Sunday, Jan. 1 in the home stadium of the Eastern Conference winner, the logical date would be Sunday, Jan. 8.

However, the NFL already has the Playoff Bowl at Miami between the two runner-up teams in the league, set for Miami on Jan. 8 with television commitments.

Nobody knows what sort of compromise might be worked out. Much depends on the TV network which will win the rights to the Super Bowl game. It is likely that the game will be held the weekend of Jan. 7-8 with either this game or the Playoff Bowl winding up at night.

They have talked about the Rose Bowl, the Sugar Bowl, the Orange Bowl and the Astrodome as the site. If you have to make a guess, take the Rose Bowl, although some college authorities will not be happy.

The NFL's Pro Bowl in Los Angeles and the AFL All-Star game in Oakland are supposed to be played Sunday, Jan. 15 but all that presumably could change. However, it is unlikely

LITTLE ROCK (AP) — Little Rock Hall and Fort Smith Northside face ranked opponents this week but each will remain unbeaten and set the stage for their showdown battle at Fort Smith next week.

Hall, ranked No. 1 in The Associated Press poll, takes on Benton here Friday night. The Warriors should not have too much trouble, even though Benton ranks second among the Class AA powers, Hall 20-7.

## Porkers Are Working on Defense

FAYETTEVILLE, Ark. (AP) — Arkansas worked on offensive and defensive alignments of Wichita State Wednesday with four of the five Razorbacks injured last week back in uniform.

Wingback Harry Jones, tackle Bruce Maxwell, tackle Don McIlwain and end Richard Trail all worked out, leaving only linebacker Lee Johnson out of action. All were hurt in the bruising 12-7 Arkansas victory over Texas Saturday at Austin.

Arkansas leaves the Southwest Conference battlefield for a week to play Wichita State's Wheatshockers in a Saturday night game at Little Rock.

Coaches have been telling Arkansas players they can expect about the same passing patterns and same frequency of throwing as they ran into against Tulsa. The Wheatshockers got off 60 passes in their last game last Saturday.

Arkansas is a heavy favorite to pick up its fifth victory in six starts against the victory-less Shockers.

they would wait that long to play the Super Bowl when the AFL winner will have been decided Dec. 26. If there is a tie and another playoff, they may be playing until baseball opens spring training.

If each Green Bay Packer got \$7,819.91 and each Cleveland Brown \$5,288.83 after last January's NFL title game in Green Bay, how much will the 1968 winners get if they play the AFL champs?

Some of the money probably will be siphoned off into the pension fund but the winning share surely will be worth more than \$10,000.

Roger Brown hit Johnny Unitas so hard last Sunday that his socks fell down — Brown's socks, that is. The Lions' defensive tackle charged so fast, trying to break up a Lou Michaels field goal that Baltimore guard Dan Sullivan said, "It's a wonder Michaels didn't get killed."

## U. S. Wins Olympic Medals

By WILL GRIMSLEY  
Associated Press Sports Writer

MEXICO CITY (AP) — The experimental Little Olympics close here today with most of the doctors and experts apparently agreed on one simple conclusion.

People and things may fly farther through the light air of Mexico City's 1½ mile altitude. But on the ground and in the water, times and performances suffer in any event requiring any degree of endurance.

Proved originally in swimming, where marks of 200 meters and over were well above the best, the fact was re-emphasized in the track and field competition which moved to its climax at University City.

Only one Olympic record was broken during the entire week, that by Romauld Klim of the Soviet Union, who threw the hammer 230 feet, 4½ inches, almost 20 feet farther than his winning toss at Tokyo.

On the other hand, only two men in a field of almost two score were able to break four minutes in the 1,500 meter trials, where the listed world record is Herb Elliott's 3:35.6.

They were Andre de Hertoghe of Belgium, 3:58.9, and Bodo Tummler of West Germany, 3:59.8, in the qualifying heats. The United States' Jim Grelle of Portland, Ore., who has run more sub-four-minute miles than anybody, settled for 4:05.7 and third place in one of the heats.

A Czechoslovakian doctor, Horak Aarmir, said the 20,000 meter walk and the 1,500-meter runs put a severe drain on the athletes.

However, Ralph Boston of Nashville, Tenn., who shares the world record in the broad jump, said he likes to jump in Mexico City. "I seem to fly through the air," he said. He won his event in 26 feet, 2½ inches, just a foot less than his world mark.

Al Oerter, the three-time Olympic champion who led a 1-2-3 American sweep in the discus, discounted the light air theory for distance of missiles.

"I see no difference," said the New Yorker from Babylon to Long Island. "I came here just to see how tired I would get. If I'm in shape, I figure I will do as well as at sea level, no better."

Two gold medals in track and field gave the Americans a total of 20 golds for the entire meet compared with 15 for the rival Russians. France has eight and Czechoslovakia seven.

Olympic champion Gaston Roulets of Belgium won the 3,000-meter steeplechase in 8:58.6, well off his world record of 8:29.6. Other victors included Irena Kirszenstein of Poland, women's 200 meters; Nicola Smaga of the Soviet Union, the 20,000 kilometer walk; Ingrid Becker, of Germany, women's high jump; Hilda Ramirez of Cuba, women's javelin; Eddy Otzof of Italy, men's 110-meter hurdles and Tomas Judwirth of Czechoslovakia, 800 meter run.

Nils Fredborg of Denmark won the scratch bicycle race. A soldier from Fort Sam Houston, Tex., Jim Frestley, leaped to the front in the pentathlon after four of the five events, with only cross country running left.

Track, boxing and wrestling close the games today.

**\$18 Million for Ski Resorts**  
STOWE, Vt. (AP) — Ski resort areas in New England plan to invest about \$18 million for construction and improvement, says the New England Council.

**Wallet Wash**  
COLUMBIA, S.C. (AP) — A patient at Baptist Hospital in Columbia, J. M. Bamberg, wound up paying \$180 recently to get his wallet washed.

Bamberg told police he had left his wallet containing \$50 in his pillow while he was being X-rayed.

When he returned to his room, he found his bed had been changed and the pillow case, wallet and money gone.

Police found the wet pillow and \$770 of the money jogging around in a washing machine in the hospital laundry.

## Yerger High School Football Squad Weather

## Homecoming Friday for Yerger High

By JOSEPH WITHERSPOON  
The Yerger High School Tigers will play their annual homecoming game this Friday night, October 21, at Hammons Stadium, against the Lincoln High School Tigers of Camden, Ark. Kick-off time is 7:30.

After losing last week to Texarkana 18-0, the Tigers are determined to toughen up this week against Camden. This will be one of the most important games of the season for the Tigers, and they hope to put on a great show for all the fans. The Tigers will be expecting the largest crowd of the season because of the many tickets sold by the faculty and student body this week in the annual Homecoming Queendrive.

The Queens will be chosen Thursday by the highest amount of money raised.

Mr. K. P. Benefield, the Yerger band director, has invited five bands to participate in the homecoming festivities. Bands to perform alone with the Yerger High School Band, in the homecoming parade are T. W. Daniel High School Band of Crossett, Lincoln High School Band of Camden, Malvern High School Band, and Washington High School Band of Texarkana. The pre-game show will begin at 6:30. For an evening filled with football excitement as great music don't miss the Yerger Homecoming game this Friday night.

**Mikita, Hull Steal Show in Hockey**  
By HAL BOCK  
Associated Press Sports Writer

Stan Mikita left his hat behind but brought his stick along when the Chicago Black Hawks pulled into New York for their National Hockey League opener Wednesday night.

Mikita and Bobby Hull stole the show as the Black Hawks bombed the Rangers 6-3. Boston also got started with a victory, defeating Detroit 6-2.

Midway through last season Mikita suffered a head injury and had to don a white helmet for protection after that. It may have been coincidental, but the star center's point production seemed to slacken after he adopted the chapeau.

This fall the Czechoslovakian-born pivot showed up in training camp without his headpiece. "I couldn't find one that fit right," he explained. "If I had gotten one light enough, I would have worn it."

Without the helmet, Mikita looked like his old self against the Rangers, scoring two goals and assisting on two others. Hull, the scoring champ who set NHL records with 54 goals and 97 points last year, also scored twice and assisted on another goal.

"They're amazing," sighed Ranger Coach Emile Francis. Hull, who said he was troubled by a sprained back and had been advised not to play, scored one of his specialties in the third period. Bobby's first goal came on his very first shot of the season in the fourth minute of the opening period.

Donnie Marshall scored twice for the Rangers, who displayed glaring weaknesses on defense. The Bruins gave new Coach Harry Sinden a happy debut as they thumped the Red Wings.

John McKenzie scored two goals for Boston and assisted on a third as the youthful Bruins hustled their way past Detroit. Boston fired four second period goals past Red Wing netminder Roger Crozier.

**Needles Cause Hepatitis**  
SAN FRANCISCO (AP) — Contaminated hypodermic needles used to inject illicit drugs are causing an outbreak of serum hepatitis, a dangerous liver disease, the California Health Department says.

Starting lineup for Yerger Homecoming Friday night, left to right: Alvin Garland, Ronald Moses, Harold Lloyd, Kenneth Muldrew, Sammie Hendrix, Milton Wither.

## Fairview Goes Into Second Place

Several changes developed in Div. 4 AA football as the result of upsets last week. The most notable upset was the Camden Panthers playing league leading Crossett to a 0-0 tie. The other upset was Warren's 12-6 win over Malvern.

Camden had to call on its defense, where they had been disappointing, to hold the Eagles from scoring. The game was played in the rain, but it rained on both ends of the field.

Warren's win over Malvern is the first even in their series that started back in World War II days. The Jacks came from behind to register the win.

Fairview's Cardinals, winner of their last five games, now loom as the major contender to challenge Crossett for title honors. The Cardinals with a 3-1 league mark are the only team remaining with only one league loss. They defeated Hope 23-6 last week.

Other results: Smackover 6 Arkadelphia 0; Haynesville, La. 6 Magnolia 2.

Crossett continues as the 4AA leader and have only two more conference games remaining with Smackover and Fairview.

Games this week: Warren at Camden. This should be an interesting battle with the winner at least holding down fourth place in the standings. Arkadelphia at Malvern. The Leopards will be smarting from their most recent defeat and the Badgers would like to add another upset. Hope at Magnolia. Always a good game — the winner improves his standing. Fairview at Bearden. A non-conference game for the Cardinals against a county neighboring school. Smackover at Hot Springs. The Bucks play their second Big Triple A opponent. Crossett is open.

Crossett's Jessie Riley continues to lead the individual scorers with 42 points on seven touchdowns. He did not score this past weekend. Three players: D. Morris, Camden; D. Turner, Hope; and J. Boyette, Fairview, are tied for second — six points behind.

Boyette kicked the first field goal of the season in 4A.

The Standings:

TEAM	W	L	T
Crossett	5	0	1
Fairview	3	1	0
Malvern	3	2	1
Camden	2	2	1
Warren	2	2	0
Hope	2	3	0
Smackover	2	3	0
Arkadelphia	1	4	0
Magnolia	1	4	0

## Got His Bike Loan From Bank

By THE ASSOCIATED PRESS  
KANSAS CITY, Mo. (AP) — When 12-year-old Robert Jimmy Bowers wanted a new bicycle he went to a bank for a loan. He got both the loan and the bike.

Jimmy works after school at a pizza place. He saved \$30 shoveling snow and cutting grass, but needed another \$10.

Jimmy wrote to Logan F. Wyrick, vice chairman of the University bank in Kansas City, to explain that he needed \$10 to replace his old bike.

"All of a sudden I was thinking back 50 years and how I shined shoes to buy my first bicycle in Eldon, Mo.," said Wyrick.

So Wyrick made Jimmy a personal loan of \$10, payable semiannually, at one per cent interest.

Last week, young Bowers, owner of a new black English racing bicycle, walked into the bank and made his first payment of \$1.

## Congressional Attendance Dwindles

WASHINGTON (AP) — House leaders faced the threat of dwindling attendance today as a stack of important legislation stood in the way of adjournment.

While the Senate pushed through several major measures Wednesday, the House bickered at length over lesser items and left itself a heavy workload if Congress is to adjourn by Saturday.

The House was expected to act Wednesday on a \$6.1 billion school aid bill, a \$1.75 billion antipoverty measure, a bill that would launch President Johnson's demonstration cities urban renewal program and an anti-inflation measure that includes a rider clearing the way for merger of the National and American Football Leagues.

It didn't get to a single one. All have been rescheduled for action today.

With election day less than three weeks off, House members are leaving in droves to get in some full-time campaigning. There is concern among leaders whether an effective majority, or even a quorum of 218, will be on hand for final key votes. On several roll calls Wednesday, only about 260 of the 435 members answered.

Priority items in the House were shoved back by a long fight over the wisdom of setting up an ethics committee, a series of minor skirmishes involving public works projects and the naming of a lake on the Chattahoochee River between Alabama and Georgia, as well as votes on a flock of lesser bills.

The ethics bill kept the House in session until 10:51 p.m. The House finally rejected the idea of an ethics committee empowered to punish erring members and settled for a study committee to report next year.

The Senate sent to the House Wednesday a compromise on narcotics rehabilitation, big school aid bill and a measure making veterans of the Vietnam war eligible for big disability pensions and other benefits.

It also sent to the White House a compromise packaging labeling bill designed to help housewives figure where best bargains for their shopping dollars are.

House-Senate conferees too big step toward adjournment agreeing on a foreign investment bill to which the Senate added a long string of extra measures.

One added item that House conferees accepted would provide for government financing of presidential election campaigns. Income tax pay would be able to specify on tax returns that they want government to shift \$1 from Treasury to the campaign fund.

Before the Revolution, gars were the most important export from the colonies Great Britain.

Dear Helen: I am a girl of 14. Until this year my folks were pretty easygoing, but no more!

**HELEN HELP US!**  
by Helen Bottel

YOUTH ASKED FOR IT! This column is for young people their problems and pleasures, their troubles and fun. As with the rest of Helen Help US!, it welcomes laughs but won't dodge a serious question with a brush-off.

Send your teenage questions to Helen Help US!, this newspaper.

**MUST UNCOUPLED COUPLES SNUB EACH OTHER?**

Dear Helen: Is it this way everywhere? When a boy and girl break up around here, they stop speaking. They don't even LOOK at each other. I think this is just too dumb!

It's like they'd been married and had a big bitter divorce with extreme mental cruelty" and fights over property, etc. After all, we just give back a class ring, and usually the break-up is almost mutual. By the time I'm tired of him, he's tired of me, or vice versa, so why can't we be friends?

I went with a boy six months and we were very close but we started getting on each other's nerves so last night I gave him his ring. I thought it would be different because we agreed we'd always be pals. But today I passed him in the hall and he looked right over my head. I was right behind him at lunch and it was like I wasn't there.

I don't feel bad at losing a steady, but I'm miserable because I lost a friend. Do boys have to be like this? DIVORCED

Dear Diy: Seems ridiculous, doesn't it? But what wise can you expect from the "steady system" that makes the "break-up" a big, much-discussed event among all your friends -- and some who aren't!

Your ex is doing what is expected of him, and it probably comes easy because his ego slipped a gear.

Make him speak to you: wear him down with persistent friendliness, pretend you don't notice his snubs. Who knows? You might start a new trend at your

I'm not allowed to listen to radio or TV except on weekends. During the week I'm to study from the time I get home till I have to go to bed --9:30.

Whenever I get a phone call, it's whacked off short by my mother breaking in on the extension with "Time to study, dear." She listens in too, to see if I'm talking about boys.

They make a big deal about me not even being supposed to THINK about boys. Now really! What's with them?--D ISCOURAGED.

Dear Dis: "High school jitters" are with them, says my I.G.A.P. (I'm Guessing Again Perception), and only YOU can cure the malady. They've read and heard too much about the hazards of growing up, and they're hooked on keeping their little girl rested, innocent, uninvolved and earning college-entrance grades.

Prove (with a good first-term report card) that you can finish your homework with time to spare. Mention boys casually, discuss them as friends -- your folks will soon adjust.

...And ask for an extension on the 9:30 bedtime curfew! Strange how many parents insist their children get more sleep than they

**Man Hope to Change Sex**

PITTSBURGH (AP) — Richard C. Nelson, father of two, hopes to become a woman.

Nelson, 31, filed a court petition Monday asking permission to change his name to Roberta. The petition said he hopes to undergo treatment and an operation which will transform his sex to female.

His attorney, John V. Snee, told Allegheny County Common Pleas Court that Nelson's body has undergone changes.

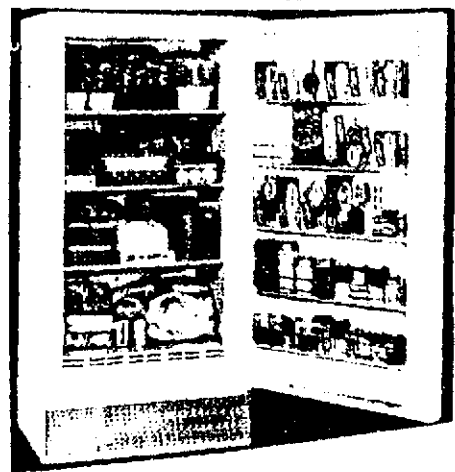

Nelson is the father of a boy and a girl. His wife divorced him this year.

# What Quality Beef Does A&P Sell?

That's a fair question. But not an easy one to answer because we have our own quality standards, different from any other meat merchant.

These standards don't fit exactly the familiar terms you know for grades of meat. As an example, did you know that some beef, graded U.S. Choice, just doesn't meet our "Super-Right" specifications? It's true! You see... we don't buy by grade. We use our own high standards to bring you the best values.

That doesn't mean we don't approve of such grading — not at all. It just means we're very fussy about the beef we label "Super-Right." It stands to reason we have to be or A&P wouldn't be America's number one meat merchant.

Are "Super-Right" Meats a good reason for shopping A&P?

They're one of many!

# Life In Arkansas

By AL SCHAY  
Associated Press Writer  
A student at Arkansas State College in Jonesboro, Patricia Poole, has reported on what is surely one of the more unusual summer jobs held by coeds.  
She was one of three girl attendants at a service station in her hometown of Ottawa, Ill.  
"My job was the same as any other service station attendant," Miss Poole said, "although my knowledge of cars was limited."  
She said the girl attendants surprised some customers.  
"Many men wouldn't let us near their cars, saying, 'Don't touch my car, I'll do it myself,'" Miss Poole said.  
Besides meeting all the "town characters," she "really learned a lot about automobiles," she said.  
Cynthia Sharp, 8, of Fort Smith encountered an unusual problem recently while taking an achievement test with other members of her third-grade class at DuVal Elementary School.  
It seems her dog, Tinker Belle, who wants to go every-

where Cynthia goes and usually does, was outside the classroom scratching, pawing and whining.  
Second graders across the hall came to the rescue and entertained the dog until Cynthia finished the test.  
Mrs. Earl Sharp said her daughter and Tinker have been almost inseparable since Cynthia carefully cared for Tinker when she had puppies. School is no exception, she said.  
A 15-year-old boy from Independence County may have set some kind of record, even though it isn't the kind to brag about, according to a newspaper report.  
The boy has been accused of

**HOPE (ARK.) STAR, Printed by Offset**  
stealing 10 automobiles.  
The Beebe News tells the story of a grizzled old banker in a rural town being asked during an interview how he got his start.  
He said he put up a sign saying "Bank," and a man came in and gave him \$100, followed by a man who gave him \$200.  
"And sir," he was quoted as saying, "By that time my confidence had reached such a point that I put in \$50 of my own money."  
If you're going to be on a radio program and you want your daughter several hundred

miles away to hear it, how do you arrange this if the daughter's home is out of range of the radio station?  
A family at Trumann managed it by telephoning the daughter and holding the phone near a radio during the program.  
**Individuals and Cities to Be Honored**  
LITTLE ROCK (AP)—A city and two individuals will be honored at the annual meeting and workshop of the Arkansas Council of Housing and Renewal Agencies here Wednesday and Thursday.  
The council will honor Russellville for its accomplishments in urban renewal and neighborhood facilities projects. Individuals to be presented awards Wednesday night are Mayor Clyde Andrews of Marianna, for his promotion in public housing and renewal; and Maurice Moore of Hot Springs, chief of news bureau of Palmer newspapers, for his series of articles on what communities have accomplished through urban renewal.  
Chief speakers at the meeting will be Ted Morley, state planning commission director, and Jack D. Herrington of Fort Worth.

## Tax Increase to Halt Inflation - or Fan the Fire?

From the many public statements put out by presidential advisors it is obvious the Johnson administration is thinking about increasing income taxes "to fight inflation" but will postpone such action until after the November election to protect Democratic nominees for Congress from the wrath of the people.

President Johnson's theory is that higher federal taxes will drain off some of the people's purchasing power, therefore reducing demand for goods and tending to keep prices from going any higher than they are now. It's good logic, from a politician's standpoint - but poor arithmetic in any language.

Taxes are an integral part of the cost of doing business. The inevitable effect of higher taxes is higher prices. All of you know this, from both instinct and experience, and to argue otherwise is nonsense.

The net effect of a federal tax increase, therefore, would be to fan the fire of inflation rather than the stated aim - to put it out.

You wonder how politicians are able to so deceive themselves. But this is something more desperate than self-deception. The politicians are trying to avoid the true cure for inflation - the unpalatable policy of reducing government spending.

We are engaged in a dangerous and expensive war in Viet Nam, but the politicians insist on "doing business as usual" on the home front, perpetuating old "give away" and constantly authorizing new ones.

They do so because they imagine such schemes are vote-getters and depend on them for re-election.

But 1966 is a congressional election year - and it may turn out to be a year of thunderous decision.

If the people have finally awakened to their true plight - a tired old horse plodding up an endless treadmill of rising taxes and still higher living costs - then an army of Washington politicians might as well start packing their suitcases.

## Assassin Is Declared Insane

CAPE TOWN, South Africa (AP) - A South African court declared Prime Minister Hendrik Verwoerd's assassin insane today, ending his murder trial.

The killer, Dimitrie Tsafendas, 48, was ordered committed to jail. President Charles R. Swart is expected to order his transfer to a mental institution.

The court's ruling ended the trial because it held Tsafendas unfit to plead to the murder charge.

Tsafendas, a native of Portuguese Mozambique who had worked for several months as a messenger in Parliament, stabbed Verwoerd on Sept. 6 as he prime minister sat on the government front bench in the parliamentary chamber.

## City to Provide Ambulances

PINE BLUFF, Ark. (AP) - Pine Bluff Mayor Austin Franks said Wednesday that he city and Jefferson County will provide ambulance service for the county beginning Nov. 1.

The Civil Service Commission will hire 12 new employees to help with the extra duties involved in running the service, which will be operated by the Pine Bluff Fire Department.

## Thinks U. S. Should Be Helped

EL DORADO, Ark. (AP) - David Pryor of Camden, Democratic nominee for Congress from the 4th District, said Wednesday it was time for other nations to pitch in with America in helping underdeveloped countries.

"Our wealthy allies must take steps to carry out programs of extensive aid to underdeveloped countries as well as paying some of the cost of stationing American troops in Europe," Pryor told a civic club here.

## Allies Suffer a Setback in Viet Nam

By ROBERT TUCKMAN  
SAIGON, South Viet Nam (AP) - South Vietnamese Premier Nguyen Cao Ky pushed aside his cabinet crisis today but his infantrymen reported a sharp setback in Mekong Delta fighting.

The premier, 36, seemed so confident of his rule that he named one of seven rebellious cabinet members to head the government next week while he is away attending the Manila conference.

Ground fighting in South Viet Nam came to a near standstill, but delayed reports of the Mekong Delta battle Tuesday and Wednesday showed that Vietnamese infantrymen took a bad mauling.

At the other end of the country, U.S. B52 bombers hammered at a North Vietnamese staging area just south of the demilitarized zone. The B52s hit 12 miles southwest of Dong Ha, the big U.S. Marine forward headquarters near the zone separating North and South Viet Nam.

Official figures released today showed a decrease in American casualties last week and an increase in South Vietnamese killed and wounded.

In the week ending last Saturday, 74 Americans were reported killed, 432 wounded and two missing, compared with the previous week's toll of 91 killed, 604 wounded and 17 missing.

Vietnamese dead totaled 189 last week, 504 wounded and 85 missing. The previous week 160 were reported killed, 425 wounded and 21 missing.

Enemy losses last week were put by U.S. officials at 993, down sharply from the 1,531 reported for the previous seven days. The South Vietnamese reported 1,248 enemy killed and 778 captured. Discrepancies often occur between U.S. and South Vietnamese reports of enemy casualties.

In the Mekong Delta battle 105 miles southwest of Saigon, Vietnamese military headquarters reported that 138 Viet Cong were killed in the paddyfield and marshland fighting. Of these, about 100 were killed by Vietnamese and American air strikes, a Vietnamese military spokesman said.

Unofficial eyewitness reports placed the South Vietnamese losses at least as high as the Viet Cong and probably higher. In addition, U.S. headquarters disclosed earlier that 24 of the American helicopters which ferried Vietnamese infantrymen into the battle were hit. Four of the choppers were destroyed and the other 20 were damaged.

Eyewitnesses said the Viet Cong had eight machine guns camouflaged in the paddy fields, thus escaping detection during air strikes before the South Vietnamese attack.

## 12 Seniors Admitted to Honor Society

In an assembly held Wednesday morning in the high school auditorium, twelve Hope High seniors were inducted into the National Honor Society. The theme of the program, "This is My Quest," referred to Scholarship, Leadership, Character, and Service, cornerstones of the N. H. S.

Those inducted were Debbie Connelly, Kathy Guerin, Robyn Formby, Elaine Fuller, Joyce Jones, Marla Jones, Linda Kay Reece, Carolyn Millican, Stan Reyenga, Molly Tolleson, Mike Westbrook, and Ruth Ann Wylie. The local chapter is sponsored by Miss Mary Roy Moses.

## Railway, Union in Agreement

CHICAGO (AP) - The Rock Island Railroad said Wednesday it had signed an agreement with the Switchmen's Union of North America, ending the dispute that caused a 12-hour strike on Oct. 11.

Officials of the railroad said the agreement means that no further work stoppage will occur over the dispute that arose last week over a grievance action.

## Polk to Vote Bond Issue

RUSSELLVILLE, Ark. (AP) - Polk County voters will be asked to approve a \$700,000 Act 9 industrial bond issue in the Nov. 8 elections, the Russellville Industrial Development Committee said Wednesday.

The money would finance a new feed mill for Arkansas Valley Industries which would produce 4,800 tons of poultry feed per week, twice the present production.

## Can't Do Both, Says Fulbright

NEW YORK (AP) - It is "a kind of madness" for Americans to believe they can have the Great Society while fighting the war in Viet Nam, Sen. J. William Fulbright, D-Ark., said Wednesday night.

In calling for more tolerance of dissent and criticism of national policy, Fulbright said in Redbook Magazine that "criticism is more than a right, it is an act of patriotism."

Saying that acceptance of the right to debate national policy would reduce such demonstrations as teach-ins and draft-card burnings, Fulbright said: "At the very least, the student protests of the '60s are a moral and intellectual improvement over the panty raids of the 50s."

## Freezing in Sections of Arkansas

By THE ASSOCIATED PRESS  
Freezing temperatures extended as far south in Arkansas as Brinkley and Helena Wednesday night and heavy frost accumulated in some areas where temperatures remained above freezing.

The U.S. Weather Bureau today forecast fair skies and a slow warming trend through Friday with lows tonight in the 40s. High today is forecast for the 60s.

Low temperatures during the 24 hours ended at 6 a.m. ranged from 26 degrees at Fayetteville to 38 at Pine Bluff and Texarkana.

No precipitation was recorded in the state.

## Sees Decline in Arkansas Construction

LITTLE ROCK (AP) - Construction News, a magazine which serves a five-state area, predicts in its October issue that Arkansas' construction expenditures will fall 3.6 per cent in the next year.

Arkansas had a billion-dollar year - its first - in fiscal 1966, but this year will be less than \$984 million, Construction News said.

The magazine said these segments of the construction business would be down in fiscal 1967: Federal civil works, federal office building, military construction, utilities, urban renewal and the combined category of commercial, industrial and residential building.

## Man Suffocates in Sawdust

EUREKA SPRINGS, Ark. (AP) - Clyde Palmer of near Bentonville apparently died of suffocation in a sawdust bin at Hayes Industries, a sawmill, Sheriff Orville Bishop said Wednesday.

Palmer's body was discovered in the bin by his son, who began looking for his father Wednesday morning.

## Jewish Authors Nobel Winners

STOCKHOLM, Sweden (AP) - Two Jewish authors were jointly awarded the 1966 Nobel Prize for literature today. They are Samuel Joseph Agnon of Israel and Nelly Sachs, a German who lives in Stockholm.

## Promises Not to Push Police Around

HARRISON, Ark. (AP) - Jim Johnson, Democratic nominee for governor, said Wednesday night he was not "so power mad that I'll take the State Police and start pushing people around."

He was referring to Winthrop Rockefeller's statement that he would fire the state Highway Commission members if he was elected governor, and use State Police to bar them if they refused to accept the firing.

About 1,000 persons heard Johnson's 55-minute talk on the courthouse square here.

Johnson said he would initiate a highway audit and anyone guilty would be removed, "but not through police power."

Rockefeller, the GOP candidate who spent a quiet day Wednesday at Petit Jean, has also been criticized for the statement by Highway Commission Chairman Wayne Hampton of Stuttgart, who urged him to file a lawsuit against the commission immediately if he has any proof of wrongdoing.

Johnson, meanwhile, said that Harrison was the home of one of his Democratic primary opponents (Frank Holt), "a man who is now supporting me for governor."

Earlier in the day Johnson was interviewed by two network television crews as he grabbed a bite to eat between hand-shaking stops.

He said in the filmed interview that he would abide by any court ruling on the controversial school desegregation guidelines. Most of the questions were about race, a topic Johnson has soft-pedaled in recent weeks.

## Oil Dealers Hear About Safety Act

Merle F. Peterson of Dumas, President of Arkansas Automobile Dealers Association, held a meeting in Hope, October 19 for automobile dealers in this area.

Peterson addressed the dealers on "National Traffic and Motor Vehicle Safety Act of 1966." Peterson said, "This is good legislation. It is highly technical but will accomplish its purpose by saving lives. The safety section will be established by the Secretary of Commerce. Arkansas will be called upon to match federal grants on a 50-50 basis."

Next January when the Arkansas legislature meets they will need to pass legislation and appropriate funds to: Increase the Arkansas State Police Force, for re-examination for all automobile drivers, for renewal driver license applicants to appear in person, for complete driver education course for every beginning driver, to provide for an effective record system of accidents, for accident investigations, for pedestrian protection, for vehicle registration, operation and inspection, for highway design and maintenance, for traffic control, for vehicle codes and laws, for surveillance of traffic for detection and correction of high accident localities and emergency services."

Peterson told the dealers that Arkansas Legislators would work for them in traffic safety provided the public showed interest. He urged them to take the lead and associate themselves with all groups to assure legislators that Highway Safety Legislation is needed.

James Jackson, Monticello dealer and chairman of the Association's finance committee, conducted a workshop on "dealer ship management." In the competitive field of retail automobile merchandising, you must know the cost of doing business and set up adequate standards to control it," Jackson said.

National Automobile Dealers Association's Director from Arkansas, John Russell, North Little Rock, addressed the dealers on "false, misleading, and deceptive advertising." Russell said, "Deceptive advertising is harmful to dealers, customers, advertising agencies, and to media."

Firemen said they were told Mrs. Green, 47, suffered a stroke several years ago and was bedridden.

## No Convicts to Deer Camps

CUMMINS PRISON FARM, Ark. (AP) - State Prison Supt. O. E. Bishop said Wednesday that convicts won't be loaned to private deer hunting camps this year, unless the state Penitentiary Board as a change of heart.

The board halted the practice of letting convicts earn money as cooks and helpers at private camps after publicity about a convict escaping from one of the camps. He was later returned to prison.

Bishop said he had no objection to the practice, but that he would abide by the board's directive on the matter.

## Sen. Harry Byrd of Virginia, Dies

BERRYVILLE, Va. (AP) - Harry F. Byrd Sr., 79, former U.S. Senator, Virginia governor and patriarch of the state's conservative Democratic organization, died today at his home.

A family spokesman said a malignant brain tumor felled Byrd, who was Mr. Democrat to Virginians for more than four decades.

In a coma since July, he died at 8:25 a.m. EDT.

## Housewives to Extend Food Boycott

NEW YORK (AP) - The housewives' boycott widened today as shoppers in at least six more cities joined the spreading checkout-counter war.

Some 200 women in Daytona Beach, Fla., announced they would stay away from big chain stores until they rolled back prices, and similar pledges came from consumers in El Paso, Tex., and Hobbs, Carlsbad, Roswell and Albuquerque, N.M.

A leader of the apparently successful Phoenix, Ariz., bread boycott was in Van Nuys, Calif., helping organize a local chapter of "Housewives Voice for Lower Prices" while a spokesman for the group said it had received calls from women in Wisconsin and the Philadelphia area asking how to join.

Boycotts were also reported under consideration in Houston, Arlington and Dallas, Tex.

The developments came as a supermarket executive predicted a possible price war in Denver, the scene of the largest boycott, and a chain of stores in Cincinnati announced a series of price reductions.

Lloyd King, vice president and general manager of King Soopers Stores, said the Denver campaign, now in its third day, could result in cut-throat price slashing as markets struggle to maintain their sales.

## Rusk Leaves for Conference

WASHINGTON (AP) - Secretary of State Dean Rusk leaves today for Manila and a series of talks with Asian foreign ministers preceding next week's seven-nation summit conference on Viet Nam.

Rusk is being accompanied by W. Averell Harriman, ambassador at large, and a delegation of 25 other officials. After their arrival in Manila Friday, the U.S. officials plan conferences with foreign ministers of the Philippines, South Viet Nam, Thailand and South Korea.

## Child Dies of Strangulation

FORT SMITH, Ark. (AP) - Deborah Leah Maxey, 11, daughter of Mr. and Mrs. Gary Maxey of Fort Smith, died Wednesday of strangulation, a physician said.

He said a piece of hard candy became lodged in her throat.

## Woman Dies in House Fire

LITTLE ROCK (AP) - Mrs. Nelrose Green died Wednesday night in a fire in the bedroom of her home, the Little Rock Fire Department said.

Firemen said they were told Mrs. Green, 47, suffered a stroke several years ago and was bedridden.

## Teachers in Oakland Attacked

OAKLAND, Calif. (AP) - Police maintained order in a predominantly Negro neighborhood today after rampaging youths injured five high school teachers, broke store windows and tossed fire bombs.

The sporadic violence started at noon Wednesday with a raid on Castlemont High School by some 250 truant students and nonstudents. Beside the five white teachers, the mob battered three white students.

Occasional outbreaks continued in the blocks between 80th and 89th Avenues and between East 14th Street and MacArthur Boulevard. At 10 p.m. reinforced police squads moved 40 abreast down 14th Street, enforcing a curfew for juveniles under 18.

"The police didn't want you on the streets at all," said Paul Robinson, 17, a Negro student at McClymonds High School.

"They said move along and they weren't just talking."

Robinson said he saw several young Negroes throwing rocks and bricks at policemen, but added, "It was Mickey Mouse compared to Third Street," referring to recent rioting along San Francisco's Third Street.

Stuart S. Phillips, superintendent of Oakland schools, blamed the Ad Hoc Committee for Quality Education, which had sponsored a boycott of public schools.

"The Ad Hoc Committee must bear the blame for everything that has happened," said Phillips. "When you tell a child to break one law, it is difficult to tell him not to break another."

John George, an Oakland attorney and a Negro, denied the contention. "Our protest was designed to be peaceful and educational," he said. "We cannot accept any responsibility for the conditions in Oakland which caused the protest." He said he would continue the boycott.

## Encephalitis Case Reported at Ft. Smith

FORT SMITH, Ark. (AP) - James L. Maroney, 8-year-old son of Mr. and Mrs. Jess Maroney of Fort Smith, died Wednesday of encephalitis, physicians said.

Dr. L. A. Whitaker, acting director of the Fort Smith Health Department, said the Maroney child was hospitalized last Friday, the second recent confirmed case of encephalitis. The disease is also called sleeping sickness.

He said the area where the Maroneys live had been sprayed with insecticide to kill the type mosquito which transmits the disease.

Dr. J. T. Herron of the state Health Department said Wednesday night that two other Arkansas had died this year - one of them at a Memphis hospital - of what was reported as encephalitis.

## Expansion of Arkla Approved

LITTLE ROCK (AP) - The Federal Power Commission has given temporary approval for Arkansas Louisiana Gas Co. to expand its natural gas facilities in Arkansas and Oklahoma, the firm said Wednesday.

The expansion would cost \$7.3 million.

The new facilities are:  
- A 2,000-horsepower compressor station on the Arkoma pipe line at Wilburton, Okla., and additions to the Chambers Compressor Station in Yell County and the Perla Regulating Station in Hot Spring County.

- A 55-mile, 24-inch main loop line to parallel existing facilities from the Dunn Compressor Station in Logan County southeast to a point in Garland County.

- A 28-mile supply line from an existing pipe line through Nevada County east to the Camden-Fordyce area to augment the present supply.

Officials said the FPC's temporary authorization often was issued prior to final approval to speed proceedings.

## Johnson Is Welcomed in Australia

CANBERRA, Australia (AP) - President Johnson arrived in Australia today to an enthusiastic welcome, and declared he was on a mission of hope for peace. But he said the task ahead is not easy because "the securing of peace is not done by miracles."

Johnson flew in from New Zealand, where he obtained a pledge of allied unity in Viet Nam and called on North Viet Nam leaders to join in a "nobler war" on hunger, ignorance and disease in Southeast Asia.

Johnson was greeted by all the pomp and circumstance Australia could muster, including a 21-gun salute and an honor guard. He was welcomed by a small crowd. But the crowds grew into the thousands as his motorcade drove into Canberra.

The weather cooperated fully for the coming of the first American President to visit Australia. A light rain stopped 10 minutes before the presidential jet landed in Canberra, the capital, and brilliant late afternoon sunshine slanted through the dark gray thunderheads as Johnson, followed by his wife, stepped from the plane to be greeted by Prime Minister Harold Holt.

Harking back once again to his World War II visit to Australia and New Zealand as a naval officer, Johnson told the welcoming crowd at the airport he had returned - en route to the Manila conference on Viet Nam - on a mission of hope.

"I cannot say that miracles will occur at Manila," he declared. "The hard work of securing the peace is not done by miracles."

A light rain stopped 10 minutes before the presidential jet landed in Canberra, the capital, and brilliant late afternoon sunshine slanted through the dark gray thunderheads as Johnson, followed by his wife, stepped from the plane to be greeted by Prime Minister Harold Holt.

Harking back once again to his World War II visit to Australia and New Zealand as a naval officer, Johnson told the welcoming crowd at the airport he had returned - en route to the Manila conference on Viet Nam - on a mission of hope.

"I cannot say that miracles will occur at Manila," he declared. "The hard work of securing the peace is not done by miracles."

"I cannot say that the hunger and injustice of the past will be ended by a declaration of the seven nations (including Australia) who will meet next week."

"Years must pass, years of dedication and patient effort, before men can make the just society of which they dream."

Johnson declared that there is a new vision, "a new hope," in this vast area of the world.

"It is a vision of emancipation - from foreign domination, from tyranny, from the despair that rides with hunger and disease and ignorance. It is the only vision worthy of man's destiny. We shall try to capture a part of that vision at Manila."

A crowd of about 400 that had braved the chilly weather and earlier rain cheered loudly and clapped during the President's speech.

Johnson said he was grateful that the Australian and American people had put their hands to the task of helping to build a new Asia.

"I feel now - as I did in 1942 - the confidence that comes from the steadfast support of Australia," he said. "You must know that we reciprocate that support in full measure."

"Together, as we have always been, I know that we shall succeed. Now I look forward to meeting your great people once again."

The American President moved on to the fourth stop on his 29,000-mile Asian tour after exchanging public pledges with Prime Minister Keith J. Holyoake of New Zealand to fend off aggression and search for peace in Viet Nam.

"For free men, for responsible men, for men of conscience, there is no acceptable alternative but to resist aggression," Johnson told New Zealand's Parliament.

BULLETIN  
UNITED NATIONS, N.Y. (AP) - The United States and the Soviet Union told the United Nations today that chances have improved for agreement on a treaty halting the spread of nuclear weapons. Both expressed optimism over recent developments.

Opening a major disarmament debate, Soviet Ambassador Nikolai T. Fedorenko declared that he welcomed recent assurances given by the United States and that agreement would be possible soon if Washington would back the assurances with intricate practical deeds.
